## Paradise Irrigation District Paradise Lake and Recreation Committee Meeting Minutes 8/8/2018

**Directors Present:** Bill Kellogg, Marc Sulik

**Staff Present:** Ed Fortner, Jim Passanisi, Greg Dobbs

**Committee Members Present:** Steve Rodowick, Darrell Wilson, Kieran O'Leary,

**Public Present:** Bob Prevot, Joe Boisse

**1. ADA accessible picnic table and fishing spot at Paradise Lake-**

Greg discussed his ideas for locations for the ADA picnic table and an ADA accessible fishing landing. Potential locations for the picnic table could be next to the designated ADA fishing spot or existing handicap parking spot, and the new ADA fishing landing could be located down near the boathouse. Greg noted that the slope is about 2% which is within the ADA requirements. This project could be a done in-house by PID employees and that the total cost of the project, (excluding the cost of the previously purchased picnic table), should be less than \$5,000. That cost would include the concrete for the ADA path and the fishing pad. It was agreed by the Committee to take this recommendation to the Board for approval of the project as described.

**2. Update on the Bulletin Board at Paradise Lake-**

Greg noted that Committee member Dave Bermann (not present) was handling this item. The idea is to obtain some stylized wildlife images for placement on the bulletin board. Greg noted that there was contact made with the Forest Service and the Paradise Garden Club regarding possible images. The Committee decided to contact Mickey Rich, PID Information Systems Manager, to see if she might be able to assist obtaining some wildlife images.

**3. Water Treatment Plant Tour-**

Jim Passanisi provided the Committee members with a very informative tour of the Water Treatment Plant, the Magalia Lake Bypass structure, and the plant Wastewater Retention Ponds. Some highlights from Jim's tour were:

Location where the 42" main transmission treated water line and flow meter are located and the direction it heads to town.

The pipe that provides the required ½ cfs flow to Little Butte Creek for fishery enhancement.

The WTP clarifiers and filters.

The Magalia Lake Bypass diversion structure and the newly replaced screen (vandalism), and the newly constructed (in-house by Clint Stanley) and erected security fence.

Discussion of the pros and cons of a proposed trail from Magalia Reservoir to Paradise Lake.

Discussion of possible chemical spraying of thick blackberry vines at various locations.

The Wastewater Retention Ponds (2) and how they discharge into Magalia Reservoir.

Steve Rodowick reported the Paradise Recreation & Park District (PRPD) may be able to obtain grant funding to start the Lakeridge Park and Botanical Gardens located off of Lakeridge Circle in Magalia.

**4. The next PLRC meeting was set to be held on September 12, 2018 at 9:00 am at the PID office.**

*"Paradise Irrigation District (PID) is dedicated to the business of producing and delivering a safe, dependable supply of quality water in an efficient, cost effective manner with service that meets or exceeds the expectation of our customers."*

*Please consider how this agenda item relates to our mission.*

**TO: Lake Committee**

**FROM: Jim Passanisi, Treatment Superintendent**

**DATE: September 12, 2018**

**RE: Comparison of Picnic Table Location Alternatives  
(See attached drawing and photos)**

Alternative No. 1: North of Boat House

- Most costly amount of concrete needed to access the ADA ramp
- A deck with hand rails may be a better option for safety
- Fishing access in the late winter and spring
- Does not impact visibility from the parking lot
- Farthest from the ADA parking

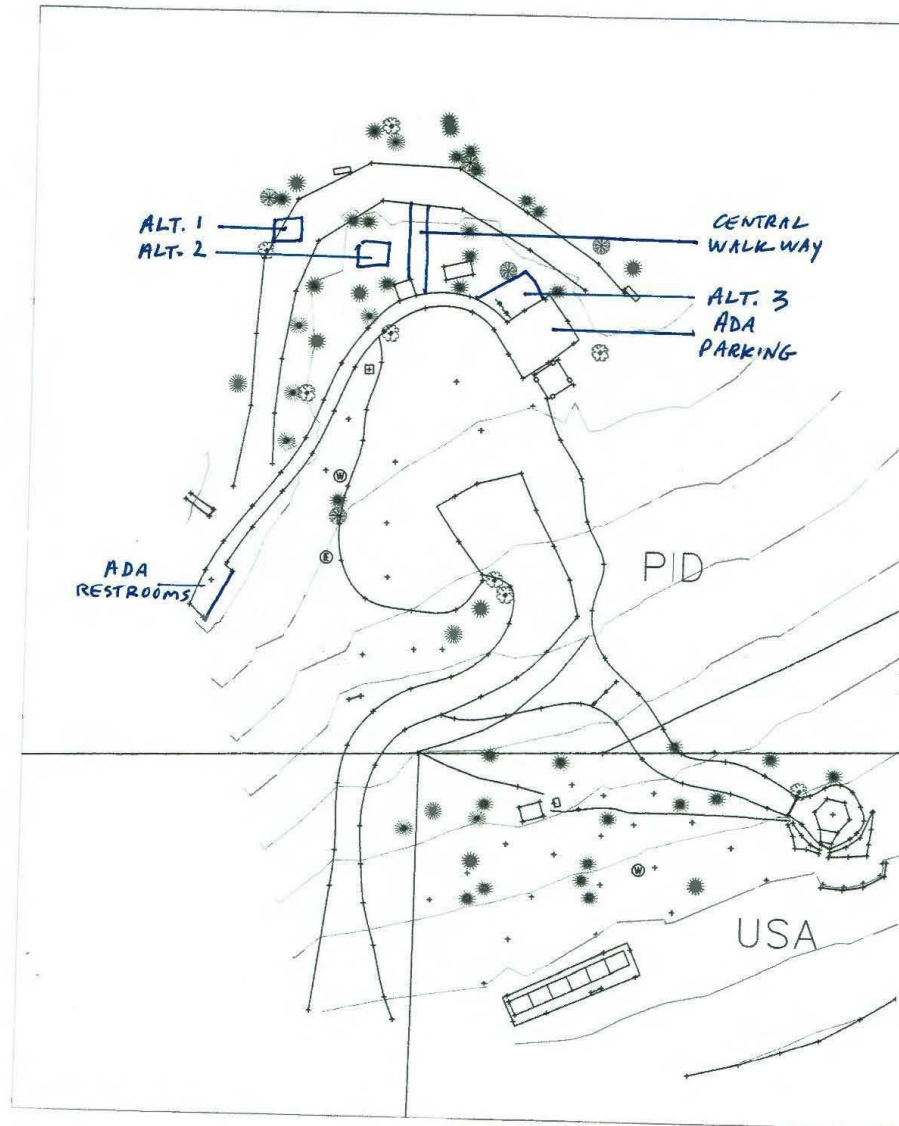

Alternative No. 2: Near Center of Parking Area

- Second least costly amount of concrete needed to access the ADA ramp
- May not need hand rails for safety
- No fishing access
- Most impact to visibility from the parking lot

Alternative No. 3: Nearest to ADA Parking

- Least costly amount of concrete due to direct access to ADA ramp
- Safety railing needed
- No fishing access
- Less impact to visibility from the parking lot
- Recommended

Paradise Lake Picnic Table Location Alternatives 1, 2 & 3 and Central Walkway

Alternative 1 – Fishing Location Near Lake – Proposal is a Deck Instead of a Table

Alternative 2 – Picnic Table Location

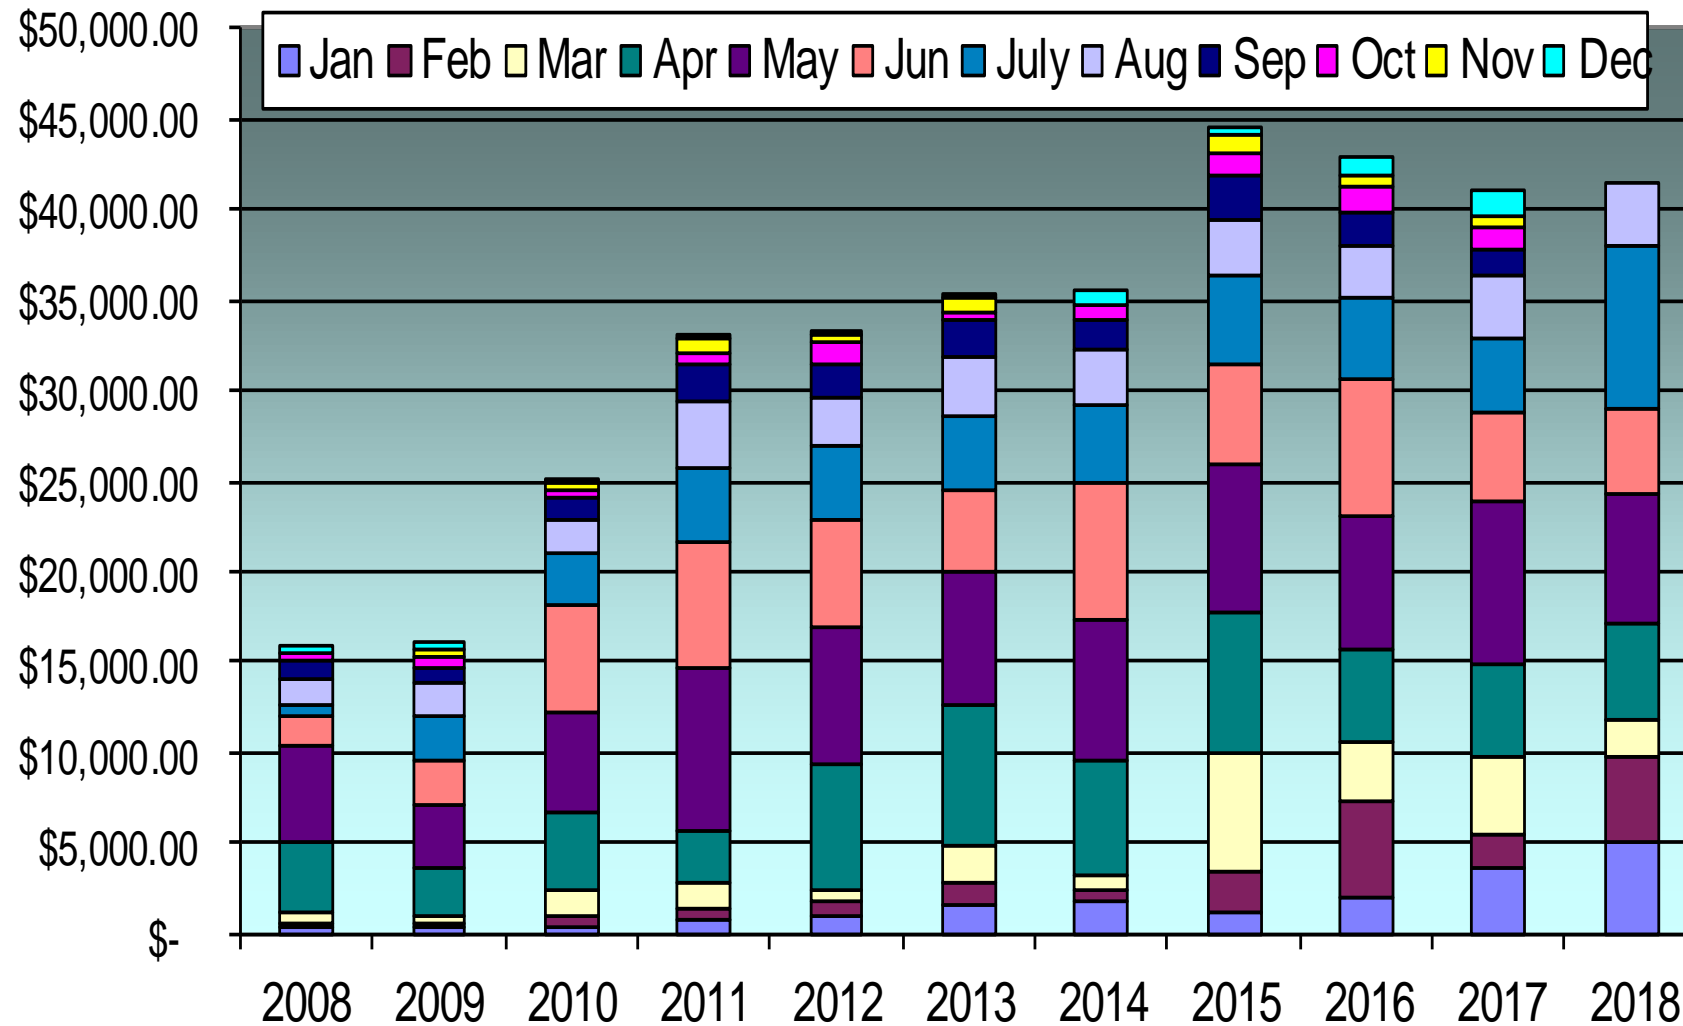

Alternative 3 – Picnic Table Location Adjacent to ADA Parking

audio or video, or both.”<sup>21</sup> In addition to the specific requirements relating to teleconferencing, the meeting must comply with all provisions of the Brown Act otherwise applicable. The Brown Act contains the following teleconferencing requirements:<sup>22</sup>

- Teleconferencing may be used for all purposes during any meeting;
- At least a quorum of the legislative body must participate from locations within the local agency’s jurisdiction;
- Additional teleconference locations may be made available for the public;
- Each teleconference location must be specifically identified in the notice and agenda of the meeting, including a full address and room number, as may be applicable;
- Agendas must be posted at each teleconference location, even if a hotel room or a residence;
- Each teleconference location, including a hotel room or residence, must be accessible to the public and have technology, such as a speakerphone, to enable the public to participate;
- The agenda must provide the opportunity for the public to address the legislative body directly at each teleconference location; and
- All votes must be by roll call.

**Q.** A member on vacation wants to participate in a meeting of the legislative body and vote by cellular phone from her car while driving from Washington, D.C. to New York. May she?

**A.** *She may not participate or vote because she is not in a noticed and posted teleconference location.*

The use of teleconferencing to conduct a legislative body meeting presents a variety of issues beyond the scope of this guide to discuss in detail. Therefore, before teleconferencing a meeting, legal counsel for the local agency should be consulted.

### **Location of meetings**

The Brown Act generally requires all regular and special meetings of a legislative body, including retreats and workshops, to be held within the boundaries of the territory over which the local agency exercises jurisdiction.<sup>23</sup>

An open and publicized meeting of a legislative body may be held outside of agency boundaries if the purpose of the meeting is one of the following:<sup>24</sup>

- Comply with state or federal law or a court order, or attend a judicial conference or administrative proceeding in which the local agency is a party;
- Inspect real or personal property that cannot be conveniently brought into the local agency’s territory, provided the meeting is limited to items relating to that real or personal property;

**Q.** The agency is considering approving a major retail mall. The developer has built other similar malls, and invites the entire legislative body to visit a mall outside the jurisdiction. May the entire body go?

**A.** *Yes, the Brown Act permits meetings outside the boundaries of the agency for specified reasons and inspection of property is one such reason. The field trip must be treated as a meeting and the public must be allowed to attend.*

- Participate in multiagency meetings or discussions; however, such meetings must be held within the boundaries of one of the participating agencies, and all of those agencies must give proper notice;
- Meet in the closest meeting facility if the local agency has no meeting facility within its boundaries, or meet at its principal office if that office is located outside the territory over which the agency has jurisdiction;
- Meet with elected or appointed federal or California officials when a local meeting would be impractical, solely to discuss a legislative or regulatory issue affecting the local agency and over which the federal or state officials have jurisdiction;
- Meet in or nearby a facility owned by the agency, provided that the topic of the meeting is limited to items directly related to the facility; or
- Visit the office of its legal counsel for a closed session on pending litigation, when to do so would reduce legal fees or costs.<sup>25</sup>

In addition, the governing board of a school or community college district may hold meetings outside of its boundaries to attend a conference on nonadversarial collective bargaining techniques, interview candidates for school district superintendent, or interview a potential employee from another district.<sup>26</sup> A school board may also interview members of the public residing in another district if the board is considering employing that district's superintendent.

Similarly, meetings of a joint powers authority can occur within the territory of at least one of its member agencies, and a joint powers authority with members throughout the state may meet anywhere in the state.<sup>27</sup>

Finally, if a fire, flood, earthquake, or other emergency makes the usual meeting place unsafe, the presiding officer can designate another meeting place for the duration of the emergency. News media that have requested notice of meetings must be notified of the designation by the most rapid means of communication available.<sup>28</sup>
