Questions received for the EQ Tank Project Management Services RFP

- All questions were due 4/17/2024 at end of day, below is the one question received with an answer.

1. How much day-to-day onsite personnel are we expecting from the Project Manager during this project?

About 2 hrs./day anticipated on average, with special inspectors being present when required. Being present for all rebar verification and during concrete pouring operations.

Our water. Our future.
