Re: Response of Paradise Irrigation District
To Public Records Act Request dated April 24, 2019

Dear Sir/Madam:

This letter is to acknowledge your request for documents dated April 24, 2019 ("Request") and received by facsimile transmission on that same date. On May 3, 2019, PID notified you that your request included disclosable documents, as well as documents exempt from disclosure. PID's review for responsive records is ongoing. This letter serves as PID's partial response to your Request.

Regarding recovery and debris removal for the Camp Fire (document search dates: between January 1, 2019 and date of receipt of our request, inclusive):

1. The Purdue report on PID water quality.

Response: Responsive documents are attached hereto as **Exhibit A**.

2. All collected data, studies, investigative reports, study reports, after action reports, or other reports (together, "reports") of the water quality in Paradise water.

Response: Responsive documents are attached hereto as **Exhibit B**. Additionally, ongoing updates on PID water quality testing results can be found at <https://www.pidwater.com/wqadvisory/107-all-testing-results-link-to-data-file>.

3. All reports presented by PID to any other public agency on water quality or from another public agency to PID.

Response: PID has no responsive documents in its possession.

These responses reflect our diligent effort to interpret the requests set forth in your Request. Our review of records is ongoing, and we will update you when additional responsive documents are identified, or the review has concluded.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Kevin M. Phillips', with a stylized, flowing script.

Re: Response of Paradise Irrigation District
To Public Records Act Request dated April 24, 2019

Dear Sir/Madam:

This letter is to acknowledge your request for documents dated April 24, 2019 ("Request") and received by facsimile transmission on that same date. The Request includes:

Regarding recovery and debris removal for the Camp Fire (document search dates: between January 1, 2019 and date of receipt of our request, inclusive):

1. The Purdue report on PID water quality;
2. All collected data, studies, investigative reports, study reports, after action reports, or other reports (together, "reports") of the water quality in Paradise water; and
3. All reports presented by PID to any other public agency on water quality or from another public agency to PID.

Pursuant to Government Code section 6253, subdivision (c), this letter serves to advise you that it appears that the Request seeks, in part, copies of disclosable public records in the possession of the Paradise Irrigation District, as provided by the Public Records Act. Some of the records requested are exempt from disclosure pursuant to Government Code section 6254, subds. (a), (k), and (l) and Government Code sections 6254.16 and 6255.

Paradise Irrigation District has already begun identifying the specific records which are responsive to the Request and will make diligent efforts to ensure that all disclosable records are

made available to you as soon as possible. However, please be advised response time may be affected by the local emergency duly proclaimed and PID's role in restoring potable water to the Camp Fire affected area within its jurisdictional boundaries. I anticipate that copies of the first installment of records will be available within two weeks of the date of this letter. Subsequent installments will follow, if applicable. We will notify you when our review is complete.

The District will be able to provide you with the requested documents electronically and will do so in the electronic format in which the information is stored (Gov. Code § 6253.9).

The District hereby expressly reserves any and all rights, objections, and defenses in relation to this request.

Sincerely,

A handwritten signature in blue ink, appearing to read 'K. Phillips', with a stylized flourish at the end.

Kevin M. Phillips
District Manager

Paradise Irrigation District
PRA Office
Attention: District Secretary
6332 Clark Road
Paradise, CA 95969

April 24, 2019

*** Please do not ignore - your response is required within 10 Calendar Days by California law (Govt Code 6253). Please respond by e-mail using the instructions at the bottom of this message. ***

Attention: District Secretary,

Pursuant to the California Public Records Act (CPRA), I hereby request from Paradise Irrigation District ("agency") the following records. Certain terms are defined within the body of the request.

Regarding recovery and debris removal for the Camp Fire (document search dates: between January 1, 2019 and date of receipt of our request, inclusive):

1. the Purdue report on PID water quality
2. all collected data, studies, investigative reports, study reports, after action reports, or other reports (together, "reports") of the water quality in Paradise water
3. all reports presented by PID to any other public agency on water quality OR from another public agency to PID

Note that every response (including all responsive records) you send may be automatically and immediately visible to the general public on the MuckRock.com internet service used to issue this request.

I would prefer the request fulfilled electronically, by attachments, if possible.

For all electronic copies, you have an obligation to provide electronic records in the original format you hold them.

Therefore, where emails, text messages, chat logs, or similar are provided, we would like them in a format that provides *all* the parts of the record, namely all headers, metadata, attachments, and inline images.

.eml or .msg message formats are best. However, if you convert messages to PDFs or screenshots of iPhone messages, etc. in order to perform redaction, please ensure you include all headers, metadata, attachments, and inline images when converting; the usual From/To/Subject/Sent headers are not enough. If you withhold parts of e-mail or text records (such as headers) without statutory justification, you may be in violation of the CPRA and we may challenge your response.

Please consider your obligations under City of San Jose v. Superior Court (Smith), S218066 to search personal accounts/devices storing public records -- which we do explicitly request.

Please send only those records available without any fees - since we have asked for electronic copies, we expect all will be available without fees. Nevertheless, for any records for which you would charge fees, instead of copies, please provide us the (free) statutorily-mandated CPRA determination of what records exist, so we may inspect them in person if we so choose to do so, and notify us of the expected costs if we wished to move forward with copies.

Please provide responsive records on a rolling basis as you approve/redact them for disclosure.

Please cite statutory authority for any records withheld in whole or in part.

Thank you in advance for your anticipated cooperation in this matter.

I look forward to receiving your response to this request within 10 calendar days, as the statute requires.

Sincerely,

Anonymous Person
