ORDER FOR DISCONTINUED SERVICE

One form is required for EACH account where water service will be permanently discontinued.

As the legal owner of the property listed below, I direct Paradise Irrigation District (District) to discontinue my water service. I understand that:

1. When reactivating service to a parcel, under current District policy, I will be charged the cost of Labor, Equipment, Materials, and Overhead (LEMO) for meter installation, service lateral replacement, and backflow installation (if applicable). District will collect from me a deposit of estimated installation charges before a reinstallation will be scheduled.
2. The opportunity to reactivate service applies only to the same size (or smaller) meter, located on the same parcel.
3. As of May 1, 2023 parcels moving from the disconnected to Ready-to-Serve or Active rates will pay capacity charges. A Schedule of Fees and Charges can be found at pidwater.com. Customers reactivating disconnected parcels that were active pre-fire will receive a minimum "credit" of \$4,376.00 towards the capacity fee at the time of their reconnection request.
4. As of May 1, 2023, owners will not be granted a discontinuance of service, except in the case where a parcel has been legally merged with a parcel that has established water service within the District. Documentation of the recorded merge will be required.
5. District will send a final billing during the regular billing cycle for a Discontinued Service.
6. I understand I am responsible for all charges on the account prior to the District receiving my Order for Discontinued Service.
7. District is not responsible for any loss or damages associated with the property due to discontinuance of service.
8. District reserves the right to review its policy and adopt changes as necessary.
9. These conditions are applicable to future owners of the property. I understand that it is my responsibility to disclose the absence of water to potential buyers.
10. I understand it is my responsibility to ensure the District has received my Order for Discontinued Service and that I will receive a letter or email from the District confirming receipt of my order.

I have read and understand the above information and request to have my meter service discontinued.
