## PID RECONNECT FORM

As the legal owner of the property listed below, I direct Paradise Irrigation District (District) to re-activate my water service as listed below.

Property Address: \_\_\_\_\_ Previous Meter Size: \_\_\_\_\_

CHOOSE THE LEVEL OF SERVICE YOU WISH AT THIS TIME

---

ACTIVE WATER SERVICE

The District will provide an estimate for reinstallation of my meter, size, including service lateral replacement and backflow prevention assembly. The installed meter will be the same size as the time of previous Disconnect.

What is the water being used for? \_\_\_\_\_

I understand I will be billed the bi-monthly "ready-to-serve" rate until my meter and backflow are installed. Upon completion of meter installation, my monthly bill will increase to the Active Rate including charges for water.

READY-TO-SERVE RATE

I do not need water at this time. I will contact the District at a future date and agree to pay the then current installation costs at the time of request.

I understand that if the District replaces my service ahead of my request, I will be responsible for reimbursing for the cost of the installation before I can activate my water service in the future. The installed meter will be the same size as the time of previous Disconnect.
